A MESSAGE Dr. Maria Lucia Fierro-Scricco

I want to take a moment to thank the FLHS members who have helped to make the 2013/2014 year a successful one. Many of the members have contributed their time and talent to activities that served not only the FLHS but the entire Sachem community: honor is a word that, when matched with deeds, elevates the environment of all. It has been a privilege to work with these students this year. I look forward to continued projects and activities that highlight the need for communication and cultural enlightenment. A special and heartfelt thank you to Nicholas Zmudzinski, Melissa Banish, Allison DePaoli, Ellora LaCarrubba, Matthew Ross, Danielle Guercio, Sebastian Godiñez, Xavier Sardoní, Seán O'Gorman, and Stephanie Ross for their help in organizing an induction ceremony that honored the inductees, their families and the school's commitment to service.
